Academic Integrity: This is an assessable task. If you use someone else's work or obtain someone else's assistance to help complete part of the assignment that is intended for you to complete yourself, you will have compromised the assessment. You will not receive marks for any parts of your submission that are not your original work.

Further, if you do not reference any external sources, you are committing plagiarism and collusion, and penalties for Academic Misconduct may apply. Please see Curtin's Academic Integrity website for information on academic misconduct (which includes plagiarism and collusion).

The unit coordinator may require you to provide an oral justification of or to answer questions about any piece of written work submitted in this unit. Your response(s) may be referred to as evidence in an Academic Misconduct inquiry.
